The ICIS Interactive series is designed as an advanced cancer imaging course for Radiologists who would like to gain deeper understanding into the imaging of specific cancers through case-based learning.

This Masterclass will be delivered online over two consecutive half-days by four experts in Hepatobiliary Tumours, each focusing on a particular aspect to provide practical, relevant information for clinical practice. Both half-days will comprise a four-hour session covering two topics, each commencing with a lecture followed by mentored review of 8-10 carefully selected cases, facilitating hands-on case-based learning.

A comprehensive workbook to reinforce learning is provided to guide participants through the cases, with each case chosen to illustrate specific learning points. Available as a downloadable PDF document (circa.180 pages) or for an additional £35 charge, we will courier a bound copy for you to work through during the course.

Learning objectives

- To highlight the discriminatory imaging features of focal liver lesions in normal and cancer patients
- To highlight the discriminatory imaging features of focal liver lesions in cirrhotic patients
- To review state-of-the-art MR imaging and assessment of cholangiocarcinoma
- To demonstrate the value of morphological and functional imaging assessment of tumour response to treatment

Course Programme

Thursday 12 November

- 13:00 Log in and technical troubleshooting
- 14:00 Session 1: Focal liver lesions: Normal and Cancer patients
- 16:00 Comfort break
- 16:20 Session 2: MRI of cholangiocarcinoma
- 18:20 Close

Friday 13 November

- 14:00 Session 3: Focal liver lesions: Cirrhotic patients
- 16:00 Comfort break
- 16:20 Session 4: Evaluation of tumour response
- 18:20 Close

Times shown are UK GMT

Faculty

Prof. Giovanni Morana
Hospital Ca'Foncello, Treviso, Italy

Dr. Luigi Grazioli
Civic Hospital – University of Brescia, Italy

Dr. Kartik Jhaveri
Mt. Sinai and Womens' College Hospital,
Toronto, Canada

Prof. Dow-Mu Koh
The Royal Marsden Hospital,
London & Sutton, UK

Registration Fees

ICIS members
£160 per person

Non-members
£200 per person

Printed workbook £35
including postage and packaging.
Please order before 12 October.

How to Register

Register online:
icimagingssociety.org.uk –
Online courses

Or

Download the form on the reverse and post to: **ICIS, 41 Waddington Way, London, SE19 3UB.**

Please complete all registration details and indicate payment option.

Full payment must be received by 12 October 2020. Please order workbooks by 12 October 2020.

Registration will not be confirmed until full payment has been received.

CPD

On completion of the course, gain 8 CPD credits in accordance with the CPD scheme of the Royal College of Radiologists, UK. Certificates will be emailed.

ICIS Membership

ICIS membership is open to all individuals with an interest in cancer imaging for only £80 per year. Join ICIS today!

Benefits include:

- Discounted registration fees for ICIS Interactive workshops & the Annual Teaching Course
- Access to 30+ lectures from ICIS 2019, as well as all our scientific and educational posters
- 20% discount on article processing fees for our journal Cancer Imaging
- Save 20% on CRC Press radiology and oncology publications

Important information

Reservations will only be confirmed on receipt of fully completed booking form and full payment.

A confirmation letter will be issued on receipt of full payment.

Reservations are subject to availability and will be confirmed within one week from receipt of completed booking form and full payment.

Refunds (minus an administration charge of £70) will only be made if written notification is received by 12 October 2020. Thereafter no refunds will be made.
